*****8th grade students who have Ms. Breedlove for ELA will meet daily from 2:00-2:30 in lieu of going to her class 2nd period.**

Notes:

- Although live instruction will take place 30 minutes per day per subject, teachers will use our Learning Management System (Canvas) to post additional activities and assignments for your students each day. Expect your child to have an additional 30 minutes of work daily in ELA and Math, and an additional 15 minutes of work daily in all other subjects, for a total of 5 hours of work daily.
- Work will be submitted through Canvas and will be graded.
- Teachers will remain online daily from 1:40-2:00 for "office time". Students are able to dial into a teacher's online classroom to ask for help and/or clarification on assignments as needed.
- From 2:00-2:30 daily, teachers will offer tutoring/small group instruction/enrichment as needed. Teachers will identify students to participate and will notify them of their assigned day/time no later than the day before their scheduled session. Although these sessions are not mandatory, they are highly encouraged!
- Extended time was added to the lunch schedule to accommodate students who need to pick up their meals from one of our feeding sites.
- Teacher planning periods are when your child is in their scheduled elective class. If you would like to schedule an online meeting with your child's team teachers, please email them directly to set up an appointment.
